Please contact Volatile Free, Inc. for pricing on premium and custom colors. A color chip must be submitted for color matching. Pricing for custom colors will be determined once the color has been matched and approved. VFI will do whatever it takes to maintain color consistency in each batch, however, it is possible for small color variations to occur. Weather conditions, application technique and substrate texture may affect the product's gloss and color. Minimum order size is 30 gallons per color, or a small order additional charge will be applied. Allow a minimum of seven business days. Lead time is based upon color matching, approval by customer and lead times of pigments. Custom colors may not be returned. All pricing is F.O.B Volatile Free, Inc. - Brookfield, WI. Pricing is subject to change.
